SHOW HORSE ALLIANCE RULES

NSHR MEMBERSHIP Is required for at least one owner. Trainer, rider, driver, or handler **MUST** pay a \$30 non member fee if does not have proof of full membership in the NSHR. Membership forms will be available in the office or on page 26. Horses must be registered with the National Show Horse Registry at the time entry is made. The exhibitor must supply the competition with a copy of the official NSHR certificate of registration or confirmation letter before the horse is allowed to show. Prize money will be paid by mail within 30 days of show directly to the NSHR owner of record.

Eligibility: Show Horse Alliance (SHA) classes are open to horses who have been recorded with the Show Horse Alliance. (Refer to SHA enrollment and eligibility rules.)

Description: Show Horse Alliance horses are first and foremost Saddle Seat Show Horses with emphasis placed on conformation, action and attributes most easily recognized and associated with high trotting animated horses possessing upright carriage, brilliance, quality and show ring presence, and finish.
Show Horse Alliance Description of Gaits

General: The standard of excellence in all divisions is beauty, symmetry and balance as well as each animal's appropriateness for competition according to class specifications. Balance features coordinated motion with straight, true rising and folding action of the front legs with flexing hocks propelling the horse forward with a clean, rhythmic, fluid way of going at all gaits. In addition the horse possesses animation, brilliance, ease and extreme grace of movement.

Undesirable: Winging, interfering, traveling too wide behind, mixing of gaits, having a shackled or excessively shod appearance, and loss of form in carriage while performing any gait.

Walk: Judging at the walk is based on execution, quality and action according to division and class type. The walk is required as a transition between gaits, except between the slow gait and rack.

- 1) Walk: The walk should be a willing, true and straight four beat gait. An occasional two beat jig should not count against an otherwise exceptional individual as long as it does not appear to be from a lack of willingness.
- 2) Animated Walk: The Animated Walk is a highly collected gait exhibiting much primp at a slow regulated speed with good elastic action and animation. It can be either a two beat or a four-beat gait performed with easy control, great style, elegance and airiness of motion.

Trot: The trot is a natural two beat diagonal gait in which the front foot and the opposite hind foot take off from the ground in unison and land simultaneously.

The trot is always performed with balance. A balanced trot consists of shoulder use, straight and true flexion of rising front legs, driven by flexing hocks propelling the horse forward in a cadenced manner. The degree of elevation, collection, hock use and animation is determined according to each division and the type of class.

- 1) Park Trot: The Park Trot desirable in Three-Gaited and Fine Harness Classes is characterized by elegant elevation and brilliance, and executed in a highly collected, very animated, precise and cadenced manner. The horse's energy should be directed toward elevation, animation, carriage and suspension, rather than speed. The ideal Fine Harness horse should exhibit maximum height, flexion and extension of front legs, whereas the ideal Three-Gaited horse should exhibit maximum height, lofty elasticity and front leg flexion. Both are driven by deeply flexing hocks propelling the mass of the horse aloft, as well as forward, in a completely cadenced manner. Speed to be penalized.
- 1a) Show Your Horse: At this command the driver has the privilege of showing the Fine Harness horse to its best advantage and best form at the trot, but speed will be penalized.
- 2) English Pleasure /Pleasure Driving Horse Trot: Bold, energetic and balanced, performed with ease and moderate collection. Rising and elevated front leg use, driven by flexing hocks combining to characterize the horse as being easy and a true pleasure to ride.
- 3) Strong Trot: A Strong Trot may be requested in Pleasure Driving Classes. According to each horse's ability, the strong trot should be conveyed by a lengthening of stride and increase in energy while retaining form and manners.

Canter: The canter is a relatively slow, lofty and fluid gait with a definite three-beat cadence in which two diagonal legs are paired, the single beat falls between the successive beats of the two other un-paired legs. The un-paired legs act independently—the foreleg with which the horse leads and its diagonal hind. Propulsion comes from the hind quarters with the leading foreleg

sustaining the concussion of the final third beat and a brief interval when all four feet are off the ground. The canter is an ambidextrous gait, executed on the lead which is toward the center of the ring to relieve stress and aid in balance. A lead is determined by which foreleg (right or left) sustains the concussion on the final third beat, after its diagonal hind leg started the propulsion of the first beat. It is acceptable, though not encouraged, for the horse to have a bolder, strong canter in those classes where manners are not paramount or where speed at a qualifying gait is desired. Ease of control, rate of speed and degree of collection may vary according to the class specifications.

- 1) Three-Gaited Canter: The desired canter is slow and animated with high flexing action and considerable propulsion. It is performed in a highly collected, brilliant and cadenced manner while maintaining form and carriage.
- 2) Pleasure Horse Canter: The desired canter is bold, yet unhurried and performed with moderate collection and propulsion. The horse should appear bright but present a relaxed appearance indicating that it is a true pleasure to ride. Where manners are paramount, a relatively slow, consistent rate of speed should be maintained with little obvious effort from the rider.

ENGLISH PLEASURE

General: The English Pleasure horse generally has less motion and animation than Three-Gaited and Park horses, but should be alert and exhibit high, free moving action. Horses must be shown with full mane and tail.

Appointments and Attire: A double-bridle, consisting of curb and snaffle bits, and a flat English-type saddle are required. Conservative, informal dress is appropriate.

Gaits: Walk, Trot and Canter.

Classes: Open, Limit, Novice, Maiden, and Two Year Old horses judged on Performance, Manners, Presence, Quality, and Conformation. Ladies, Gentlemen, Junior Exhibitor and Amateur classes to be judged on Manners, Performance, Presence, Quality and Conformation.

SHOW HORSE ALLIANCE SADDLE SEAT STANDARD

The purpose of the Show Horse Alliance shall be to record pedigree information and promote the Saddle Seat English type horse. The animal shall be judged according to the following standard. Whether in-hand, in harness or under saddle, the ideal horse shall possess:

- A. MOTION - Balanced and correct with obvious power from the hindquarters flowing into an elevated front end. The front legs must show elasticity, flexion and extension. Impulsion should originate in the hindquarters of the animal, with the hocks driving from beneath the mass of the horse when performing required gaits.
- B. NECK - Very long, set vertically and high on the shoulder, arched and well flexed at the poll with a fine, clean throatlatch. The neck should be shapely and supple but without a pronounced crest.
- C. HEAD - Expressive and alert with moderate refinement and in proportion to each individual horse.
- D. WITHERS and SHOULDER - Prominent withers with a well defined, sloping, laid-back shoulder.
- E. Proportionately short back, strongly coupled with a long hip and relatively level or moderately sloping croup.
- F. LEGS - Adequate bone, correct from all angles with long well angled pasterns. Long forearms and short cannon bones in front, hind legs with low-set hocks and good angulation.
- G. HOOVES - Proportionate, round and symmetrical (not dished or clubbed) with wide heels.
- H. The animal should not lack in substance, especially across the chest and through the girth, shoulder and hip.
- I. The masculinity of stallions and femininity of mares should be considered. Animals should be in good muscle tone with a smooth, glossy coat.
- J. The horse shall have a relatively high-set tail, carried straight.
- K. When observed at rest or in motion, the horse must exhibit naturally high carriage and presence and, when animated, extreme brilliance and freedom of motion.
